

SITUATION REPORT No. 17

Hurricane Ivan

Alabama State Emergency Operations Center

State Emergency Operations Center Level: 1

Operational Period: September 21, 2004 – 1900 to September 22, 2004 --0700

(Information current as of 0600 hours)

www.disaster@ema.alabama.gov

CURRENT SITUATION:

Operational Priorities (Post Landfall)

- Debris Removal
- Emergency Medical
- Damage Assessment
- Roofing Tarp
- Temporary Housing
- Special Needs
- Emergency Power
- Receive & Dist.
- Security

CONSEQUENCES: (Action taken to meet Priorities)

ESF- 1 Transportation

- ALDOT personnel continue to clear debris from State and US routes across the State of Alabama. All roadways are open and clear in the northern and eastern sections of the state. Only a few sections of some roads are still closed or posted as advisory in the western and extreme southern parts of the hardest hit areas. ALDOT crews continue to concentrate on clearing these areas throughout the week.
- Approximately 55+ routes and segments of State and US routes have been re-opened and/or cleared from debris.
- Approximately 18 segments of State or US routes are posted as advisory due to some debris on or near the roadway.

- Approximately 6 segments of State routes remain closed, mostly in the southern section of Baldwin County, due to debris or roadway damage.
- Approximately 90% of State or US routes in Alabama previously closed due to Hurricane Ivan have been cleared and re-opened to traffic.
- Zones 11-17 in Orange Beach are open only to local traffic
- Zones 1,2,6 and 7 in Gulf Shores are open only to local traffic
- Zones 3,4,5 and 8 in Gulf Shores open only through the use of bus escort to view property
- ALDOT is coordinating with Florida DOT on detour routes around I-10 in Pensacola, Florida.
- ALDOT is monitoring flood conditions and bridge inspection results.
- Approximately 260 ALDOT personnel are scheduled to work through the week on problem areas. Hundreds of other ALDOT personnel are working extra hours in order to provide safe passage along affected roadways.
- ALDOT are mobilizing crews from across the state to Mobile and Baldwin Counties to concentrate on traffic issues such as traffic signal control and highway signing. Approx. 30 personnel consisting of (5) Sign Crews and (4) Traffic Signal Crews will arrive in Mobile and Baldwin Counties today. Traffic supplies; over 1500 items from traffic signal heads, signal bulbs, signs, flashers and signal conductor wire are in the process of being collected for shipment to these areas.
- ALDOT also sent traffic signal crews to assist the City of Mobile in repairing signals in their area.
- ALDOT has provided 600 roadway maps for ARC personnel for their use traveling through Mobile and Baldwin counties.
- ALDOT has provided traffic cones to Crenshaw County.
- ALDOT are assisting the City of Ozark in clearing debris.

ESF – 2 Telecommunications and Information Technology

- As of 2:30 pm on 9/21/04 Bellsouth reported that 10,765 customers without service.

ESF – 3 Public Works and Engineering

- DTOC deployed to Baldwin County
- 249th Power Battalion Assessment Crews are conducting assessments in: Baldwin, Mobile, Escambia, Conecuh, Monroe, Wilcox, Covington, and Coffee Counties
- As of this operational period, there have been 63 generators delivered and installed. Other installations will be made as assets become available.
- Emergency access debris clearing teams are removing debris currently from Escambia & Baldwin Counties, and Dauphin Island in Mobile

County. To date less than 1000 cubic yards removed; all from Baldwin County. Total estimate of debris that needs to be removed from all counties is 9,590,000 cubic yards.

- Five Medium Rescue Teams in Brewton for debris removal.
- State Forestry has 8 Debris Strike teams -- (5 persons) - each team has 1 bulldozer and 2 chainsaws.
- Alabama Forestry Commission have been working opening roads in Chilton, Clarke, Conecuh, Escambia, Greene, Mobile, Monroe, Sumter and Washington counties in coordination with County Engineers and consulting with County Engineers in SW Alabama on the amount of road that remains to be done.
- Forestry Commission personnel are available to City and County Governments to assist in locating debris disposal sites that will be safe for burning.
- 32 counties in SW Alabama remain under a fire alert. Burn permits will be issued only to governmental agencies burning at designated debris disposal sites.
- AFC crews are flying Southern counties to survey and map timber damage so that affected landowners can be advised on salvaging timber. The AFC will also be working with the timber-using industry to maximize markets for damaged timber.
